About Us

One of Saudi Arabia's most experienced and technologically savvy event companies, Event Makers was founded in 2001. With well over decades of experience, Event Makers experts are more than capable of handling any sort of event.

Our roots in KSA run deep. Riyadh, Jeddah, Taif, Makkah, Dammam, Makhwa (Arar), Tabuk, Abha, Hail, Jizan, and many other cities in KSA have been the sites of our projects.

The Event Makers team of technical experts designs the projects following international standards. We are constantly creating masterpieces thanks to our talented design and planning team.

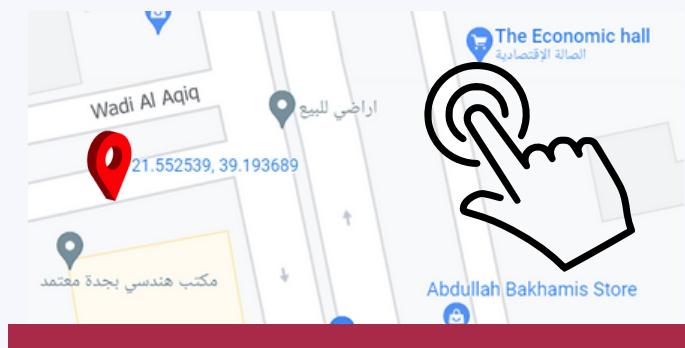

When you choose Event Makers, you won't have to worry about the quality or the price; we are your one-stop-shop. Our management professionals will give each event individual attention.

To capture the magic of your event, we use our experience, enthusiasm, and passion for details to deliver cutting-edge solutions.

Find us at

Makronah street, opposite of the Economic hall, Jeddah, KSA.

OUR MISSION

A combination of top-of-the-line technology, state-of-the-art equipment, and a deep understanding of implementation have won Event Makers some of the biggest events in the KSA. In short, Event Makers stands for perfection.

WE WILL TAKE CARE OF YOU.

We use the most advanced equipment available in the industry to assure 100% customer satisfaction.

Let your imagination run wild, dare to dream and trust us to handle the rest.

The staff are trained and regulated by industry leading experts on a regular basis to ensure all staying on top of the market demands.
